AMS (Avon Material Supplies) are a trusted supplier of superior recycled and primary aggregates to construction companies, civil engineers and members of the public throughout Dorset, Somerset and Hampshire.

"In the last 25 years AMS have been involved in various high profile projects, these include extensive improvements to the Dorset road network and the development of the Hilton Bournemouth."

The aggregates supplied by **AMS** are delivered loose or bagged, and are suitable for use in a wide range of applications within the construction, landscaping and DIY industries.

"In conjunction with Commercial Recycling, AMS now produce over 120,000 tonnes of recycled aggregates per year."

In addition to delivering aggregates, **AMS** also offer cartaway, haulage and site clearance services using their own large modern fleet of tipper trucks and grab lorries.
