**Our local recycling centre in Wimborne, Dorset can accept all major waste types** incl. hazardous.

The site benefits from **easy access, long opening hours, automated weighbridges** and **hard surfaces** throughout.

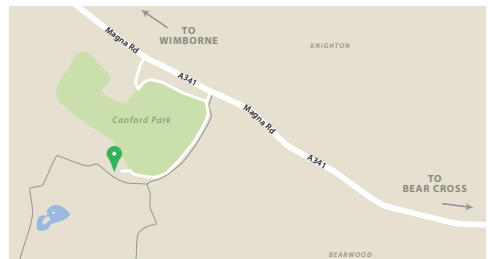

**Top 3 reasons to tip with us**

- 1 Quick turnaround times
- 2 You can tip almost all waste types with us, including WEEE waste
- 3 Low minimum weight charges so costs are kept low

**i Tipping something that may be hazardous?**

Contact our friendly experts on 01202 331560 to receive free advice on how to tip with us.

### Canford Recycling Centre

Arena Way, Off Magna Road, Wimborne, BH21 3BW

**Tel: 01202 331560**

#### **Common wastes types you can tip:**

- Commercial and industrial
- Construction and demolition
- Garden
- General and household
- Plasterboard
- Rubble, brick, stone etc.
- Wood

**Canford Recycling Centre** is a licensed disposal facility that is able to accept a large array of hazardous and difficult wastes.

On-site, our team are **on hand to assist** you with completing the required consignment note and will also advise you on **how to safely tip your waste**.

**Commonly tipped hazardous wastes:**

- Aerosols and solvents
- Asbestos
- Batteries
- Fluorescent tubes
- Monitors and TVs
- Oil and oil filters
- Paint and paint cans
- WEEE (Waste Electrical and Electronic Equipment)

**i** *We can collect your hazardous waste if you are unable to transport it to Canford Recycling Centre.*

**Top 3 reasons to dispose your hazardous waste with us**

- 1 Compliant service on a fully licensed facility
- 2 On-site experts to help with all aspects of hazardous waste disposal
- 3 Competitive tipping prices

As manufacturers of **superior recycled aggregates** and **large stockists of primary construction materials** we can offer you the widest selection at the best prices.

On-site you can **collect loose** or **bagged materials**. Or if it's easier **we can deliver, just ask!**

***Our most popular aggregates:***

- All in ballast
- Building sand
- Crushed concrete (6F5)
- Manufactured topsoil alternative
- Sharp washed sand (Grit)
- Shingle
- Type 1 limestone
- Type 1 recycled

***Top 3 reasons to use our aggregates***

- ① Available in bulk bags or loose loads
- ② Great prices because we manufacture most of the aggregates ourselves
- ③ Local same day deliveries available on grab or tipper trucks (STA)

***Ready mix concrete***

AMS also supply quality assured ready mixed concrete to suit any application.

***Unsure what aggregate you require?***

Call our expert team for advice or to arrange a free site inspection.

***You can hire various sized open and enclosed skips and roros from us.***

By calling our dedicated skip and roro hire team on **01202 810938**, you can expect to **receive a great price** and useful support throughout the entire process.

***Container sizes we offer:***

- 6, 8 & 12 yard skips
- 15, 20, 35 & 40 yard roros

***Waste types we can collect:***

- Commercial and industrial
- Construction and demolition
- Garden
- General and household
- Plasterboard
- Rubble, brick, stone etc.
- Wood

***Top 3 reasons to hire skips & roros from us***

- ① Same day deliveries available (STA)
- ② Well maintained containers, with the majority being less than a year old
- ③ Disposal at our own recycling centre to keep the costs down for you

***Remember if you segregate your waste, you will save money.***

➤ **Need a road permit, lights and cones? We will organise all of this for you, just ask!**

Our modern vehicle fleet consists of various sized **grab and tipper trucks**.

With **4, 6 & 8 wheel trucks** AMS can complete small to large material deliveries or waste collections.

**Waste types we can collect:**

- Commercial and industrial
- Construction and demolition
- Garden
- General and household
- Plasterboard
- Rubble, brick, stone etc.
- Wood

**i** *Need help in choosing the right size vehicle?*

Our friendly team can carry out a free site inspection.

➤ *We are a great choice for **muckaway and site clearances** because of our choice of vehicles and grabs that can reach 12 metres.*

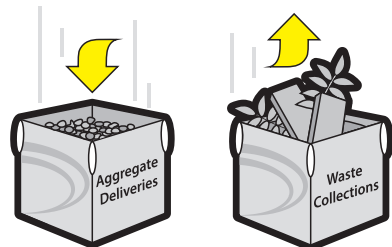

**Easy Bags** are the ideal choice for removing small amounts of waste.

These sturdy bags can **hold up to one tonne of waste** and are a great choice for tradesman and DIY enthusiasts.

***What waste types can be placed in our Easy Bags?***

- Garden
- General
- Mixed household
- Plasterboard
- Rubble, brick, stone etc.

***Top 3 reasons to use an Easy Bag***

- ① Easy to place in gardens, driveways and paths
- ② Delivered packaged up, so the bags are easy to store or transport prior to use
- ③ Able to hold up to 1 tonne of waste

➤ ***Collect from a local stockist or buy online for free delivery***

Visit our sister company Easy Bag for more information [www.easy-bag.co.uk](http://www.easy-bag.co.uk)

**i** *Easy Bag can also deliver a full range of DIY & construction aggregates*
